Attn. Mr. Gabi Nachmani
Founder and Director – Tenufa Bakehila

Dear Mr. Nachmani,

I would like to take a moment to personally commend you and the entire **Tenufa Bakehila** organization for your exceptional dedication and response during this time of crisis.

The emergency situation that struck Israel so suddenly, and the profound disruption it caused to the lives of tens of thousands, particularly in the north and south, as well as the hundreds of thousands of reservists and their families, brought to the forefront the need for immediate and effective assistance. The President's Office Public Inquiry Center became an essential lifeline, as emergency requests poured in from citizens around the country. Many of these inquiries required us to reach out to volunteer organizations and the broader civil society for assistance.

There is no doubt that during the early, bitter, and confusing days of the war **you served as a beacon of light amidst the pervading darkness**, offering hope and support. Your initiative is a clear example of impressive mobilization, dedicating yourself to addressing the urgent needs that arose from the situation on the ground.

On behalf of the office of the President of the State of Israel, I wish to extend appreciation for the cooperation we received from you, for your attentive ear, and for your willingness to assist in every matter and issue as professionally, effectively, and swiftly as possible.

The spirit of solidarity and mutual responsibility that runs deep in Israeli society is a powerful force and guarantee of our nation's strength. Your actions echo and illustrate the words of Psalms: "The world is built through kindness." May you continue to find strength and success in your vital work for the citizens of Israel.

May we speedily receive good news.

With great appreciation and respect,

Eyal Shviki
Director General
